The Recovery Bible Harper Collins

Emmet Fox was born in Ireland in 1886. After receiving his education in England, he moved to the United States in the early 1930's, where he began lecturing on spirituality in New York City. He quickly became one of the most influential leaders of the New Thought Movement and was a major inspiration for Bill W. and Dr. Bob, the co-founders of Alcoholics Anonymous. Fox presented his "essays" at the Hippodrome Theater, the Manhattan Opera House, Carnegie Hall, and the Astor Hotel. These "meetings" were regularly attended by several thousand people, including Bill W., his wife Lois, and many of New York City's AA members. These "essays" became the basis for various books and pamphlets. Dr. Bob owned, read and recommended Fox's writings to those he worked with in the Midwest. Much of Emmet Fox's philosophy resonates throughout the "Big Book." For example: Devote at least a quarter of an hour a day to prayer and meditation. Train yourself to give the first thought on waking to God. Resolutely turn your back on the past, good or bad, and live only in the present. Forgive everybody without exception, no matter what they may have done, and . . . then forgive YOURSELF whole-heartedly. Endeavor to make your life of as much service to others as possible. Here, for the first time, is a compilation of many of the "essays" and booklets Emmet Fox wrote during the 1930's. You can read for yourself the words of a man who had a profound influence on Bill, Bob and the AA old-timers. Wally P. Wally P. is an A.A. archivist / historian and the author of Back to Basics and How to Listen to God. DR. Fox's work continues to make a difference in the lives of people in all faiths. We are pleased to provide the lost pamphlets so that many more people can benefit from his teachings. Tucky Palmieri

What did Jesus teach? Distilled from years of study and lecture, affirmed by nearly a million readers over the last fifty years, Emmet Fox's answer in The Sermon on the Mount is simple. The Bible is a "textbook of metaphysics" and the teachings of Jesus express--without dogma--a practical approach for the development of the soul and for the shaping of our lives into what we really wish them to be. For Fox, Jesus was "no sentimental dreamer, no mere dealer in empty platitudes, but the unflinching realist that only a great mystic can be." In his most

popular work, Emmet Fox shows how to: Understand the true nature of divine wisdom. Tap into the power of prayer. Develop a completely integrated and fully expressed personality. Transform negative attitudes into life-affirming beliefs. Claim our divine right to the full abundance of life.

We build in the mental equivalents by thinking quietly, constantly and persistently of the kind of thing we want, and by thinking that has two qualities: clearness or definiteness, and interest. The key to life is to build in the mental equivalents of what we want and to expunge the equivalents of what we do not want.

The story of Father Ed Dowling, S.J., the Jesuit priest who

served for twenty years as sponsor and spiritual guide to Bill Wilson, the co-founder of Alcoholics Anonymous. An icy evening in December 1940 saw the first meeting of two extraordinary spiritual leaders. Father Ed said that the graces he received from meeting Bill Wilson were as great as those he had received from his ordination as a priest, and Bill in turn described encountering the Jesuit as being like a second conversion experience, where he could feel the transcendent presence of God filling the entire room with grace. The good priest taught Wilson about St. Ignatius Loyola's Spiritual Exercises, about the eternal battle between good and evil which the Spanish saint described in that book, and explained the Jesuit understanding of the way we can use our deepest emotions to receive guidance from God while serving on that battlefield. The co-founder of the twelve step movement in turn supplied Father Ed with some of the most valuable tools he possessed for carrying out small group therapy on a wide range of different kinds of troubled people. Together the two men discussed Poulain's Graces of Interior Prayer and Bill's attempts to make spiritual contact with both spooks and saints, and explored the world of LSD experiences and the teachings of the Catholic, Hindu, and Buddhist mystics in Aldous Huxley's Perennial Philosophy. And we will see how Father Ed, with his deep social conscience, helped Bill W. turn his book on the Twelve Traditions into a Bill of Rights for the twelve step movement, and how he laid out his own spiritual vision of Alcoholics Anonymous at the A.A. International in St. Louis in 1955.

The Physics of Angels Harper Collins

On the heels of his successful *100 Ways to Motivate Yourself* and *9 Lies That Are Holding Your Business Back*, motivational speaker and author Steve Chandler has written what he considers his most important work, *The Story of You*. In the tradition of Stephen Covey's *7 Habits of Highly Effective People* and M. Scott Peck's *The Road Less Traveled*, Chandler's tale of personal growth transcends all categories, with elements of psychology, business, self-help, and contemporary social commentary. With humor and biting critiques, Chandler exposes people's false ego stories for what they are and reveals the source of all success: the inner energy of will and spirit. Filled with candid dialogue from pivotal coaching sessions that Chandler has conducted (and been the subject of!), this book is a dramatic exposure of how we hold ourselves back by the stories we believe about ourselves and then project to the world. Chandler breaks new ground with revelations and fresh interpretations about personalities as diverse as: Elvis Presley, Vincent Van Gogh, Governor Bill Richardson, Dr. Andrew Weil, Hugh Hefner, and Mark Twain. By exposing your stories as the most false and limiting part of your lives, Chandler invites you into a new world of action and creative accomplishment. *The Story of You* will mesmerize you, stripping away the made-up limitations society asks you to believe and giving you back a fresh new life story.

I have compressed this essay into a few pages. Had it been possible I would have reduced it to as many lines. It is not meant to be an instructional treatise, but a practical recipe for getting out of trouble. Study and research are well in their own time and place, but no amount of either will get you out of a concrete difficulty. Nothing but practical work in your own consciousness will do that. The mistake made by many people, when things go wrong, is to skim through book after book, without getting anywhere. Read the *Golden Key* several times. Do exactly what it says, and if you are persistent enough you will overcome any difficulty.
